

PASSPORT

Whittington Passport at Whittington Primary School

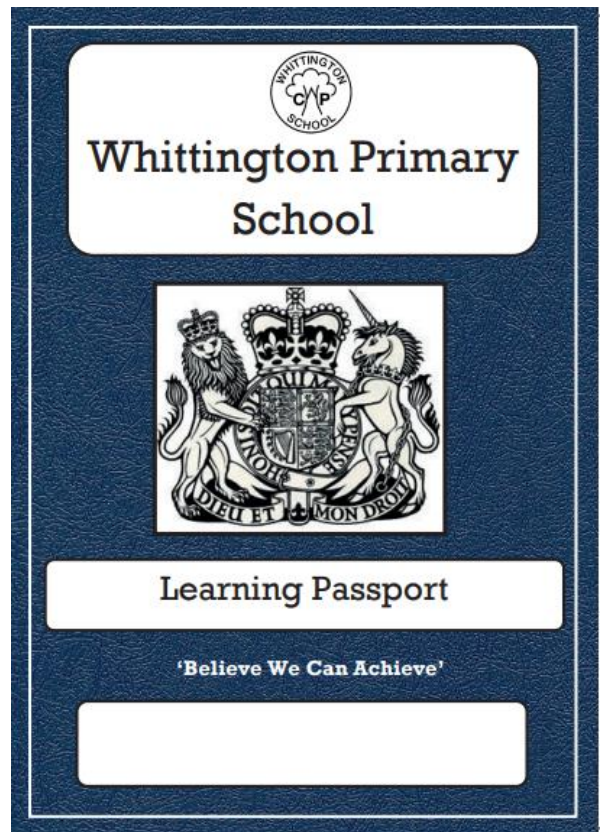

In addition to teaching the **Learning Challenge Curriculum**, Whittington Primary School offers **Enrichment Activities** which aim to develop children's 'Life skills' and foster **a love of learning**.

Therefore, each year group in school, with the help of parents and pupils, have produced a range of enrichment opportunities for pupils to participate in and enjoy during their time at Whittington Primary School.

These activities are recorded in this passport which forms a **memory book of the pupils' experiences**. Activities

include, visiting another country, bringing up a chick and helping others through charity.

For more information about passport activities please open the **Whittington Passport Progression Map PDF**.
