

At Whittington, we want to ensure that you are making excellent progress in all subjects. We will be using our progress maps so that teachers can continue to plan lessons that build upon what you already know and can do.

In EYFS, we are going to share more of your learning through tapestry so that your parents can see all the fantastic things you are doing.

To support your behaviour by looking at what works well in 'Good To Be Green' and what needs changing.

We want to help you catch up with any learning that you may have missed due to COVID-19 lockdown.

What are we doing to improve our school this year?

2020—2021

We want to use your talents to create an outdoor environment that improves our mental health and well-being.

To continue to train the governors so that they can support the improvements in our school.
